Review: Overall financial context

- **Solid financial position:** Strong long-term endowment returns, solid credit ratings, sufficient liquidity, and loyal/generous alumni base.
- **Every student is subsidized:** Princeton’s “sticker price” tuition is approximately half of per-capita educational expenditures.
- **Robust financial aid:** Around 61% of undergraduates receive financial aid and all doctoral students are guaranteed tuition and stipend support.
- **Labor-centric:** Salaries and benefits account for roughly 40% of our operating budget.
- **Long view:** Decisions today are carefully considered for their long-term impact. We are in a solid financial position but still subject to trade-offs among many important priorities.
